

This Form 99 is submitted in response to a letter dated March 9, 2011 and received on March 15, 2011 which references our 30 Day Post-General Report (10/14/2010 - 11/22/2010).

The contribution to "Dan Coats for Indiana" which was made on 11/17/10 was designated to 2010 primary election campaign debt. At the time of contribution, we had information from the campaign indicating that 2010 primary election debt existed. On 3/15/11, the Dan Coats for Indiana campaign verified to us that the campaign had 2010 primary election debt at the time of our contribution.

Regarding the contribution to "Pat Meehan for Congress" which was made on 11/12/10, we have redesignated that contribution and reported that redesignation in our February 2011 Monthly Report. We will send a copy of the redesignation request submitted to the campaign under separate cover.
